Community Liaison Committee – Meeting #2 Rescheduled

About the Project

The Armow Wind Project (the Project) is an approximately 180 megawatt commercial wind energy generation facility located in the Municipality of Kincardine, Bruce County, Ontario. The Armow Wind Project is expected to generate enough clean energy to power 55,000 homes. The Project is being developed by SP Armow Wind Ontario LP by its general partner SP Armow Wind Ontario GP Inc. (Armow Wind), which obtained approval from the Ministry of the Environment and Climate Change in October 2013 to build the Class 4 wind project.
